HAMBURGER HOME DBA AVIVA FAMILY AND CHILDREN SERVICES FOSTER FAMILY AGENCY CONTRACT COMPLIANCE MONITORING REVIEW

The Department of Children and Family Services (DCFS) Contracts Administration Division (CAD) conducted a contract compliance review of Hamburger Home dba Aviva Family and Children Services Foster Family Agency (the FFA) in June 2014. The FFA has one licensed site in the Third Supervisorial District and provides services to the County of Los Angeles DCFS foster children and youth. According to the FFA's program statement, its mission is "to provide specialized, supportive foster care homes in Los Angeles County, and thereby maximize the children's potential for optimal growth and development."

At the time of the review, the FFA supervised 37 DCFS placed children in 26 Certified Foster Homes. The placed children's average length of placement was four months and their average age was five.

SUMMARY

During CAD's review, the interviewed children generally reported: feeling safe at the FFA, having been provided with good care and appropriate services, being comfortable in their environment and being treated with respect and dignity. The Certified Foster Parents reported they were supported by the FFA staff in their efforts to provide care, supervision and service delivery to the children placed in their homes.

The FFA was in full compliance with 8 of 11 applicable sections of our review: Licensure/Contract Requirements; Certified Foster Homes; Education and Workforce Readiness; Health and Medical Needs; Personal Rights and Social/Emotional Well-Being; Personal Needs/Survival and Economic Well-Being; Discharged Children; and Personnel Records. The section of Psychotropic Medications was not applicable since there were no children prescribed psychotropic medication at the time of our review.

"To Enrich Lives Through Effective and Caring Service"

CAD noted deficiencies in the areas of: Facility and Environment, related to exterior/grounds and common areas not being maintained, and sufficient and appropriate educational resources were not provided; and Maintenance of Required Documentation and Service Delivery, related to the FFA not obtaining or documenting efforts to obtain County Children Social Worker's (CSW) authorization to implement Needs and Services Plans (NSPs).

Attached are the details of our review.

REVIEW OF REPORT

On August 20, 2014, Ted Howard and Leticia Foster, DCFS CAD, held an Exit Conference with the FFA Representatives: Karina Soquette, Director of Foster Care/Adoptions/Intensive Treatment Foster Care (ITFC) and Kim Farnham, Director of Quality Improvement. The FFA Representatives agreed with the review findings and recommendations, were receptive to implementing systemic changes to improve their compliance with regulatory standards and agreed to address the noted deficiencies in a Corrective Action Plan (CAP).

On September 23, 2014 and September 24, 2014, CAD conducted follow up visits to ensure the FFA's implementation of its CAP. During the visits, four children were interviewed to assess the on-going overall safety of the children in the FFA. All interviewed children reported feeling safe and no concerns were reported.

A copy of this compliance report has been sent to the Auditor-Controller and Community Care Licensing.

The FFA provided the attached approved CAP addressing the recommendations noted in this compliance report.

FOSTER FAMILY AGENCY
CONTRACT COMPLIANCE MONITORING REVIEW
FISCAL YEAR 2013-2014**

SCOPE OF REVIEW

The following report is based on a “point in time” monitoring visit. The compliance report addresses findings noted during the June 2014 review. The purpose of this review was to assess Hamburger Home dba Aviva Family and Children Services Foster Family Agency’s (the FFA’s) compliance with the County contract and State regulations and included a review of the FFA’s program statement, as well as administrative internal policies and procedures. The monitoring review covered the following 11 areas:

- Licensure/Contract Requirements,
- Certified Foster Homes,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Educational and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For purposes of this review, six children were selected. The Contracts Administration Division (CAD) interviewed five children to assess the care and services they received. One child was mildly autistic and unable to understand and respond to the questions. The Certified Foster Parent (CFP) was interviewed and CAD observed the child in the Certified Foster Home (CFH) to be clean, appropriately dressed, and well cared for in a nurturing home environment. The child appeared to be healthy and free of any signs of abuse or neglect. CAD reviewed all six children’s case files to assess the level of care and services they received. Additionally, discharged children’s files were reviewed to assess the FFA’s compliance with permanency efforts. At the time of the review, no children were prescribed psychotropic medication.

CAD reviewed six CFP files and five staff files for compliance with Title 22 Regulations and County contract requirements. Interviews were conducted with the CFPs to assess the quality of care and supervision provided to the children.

CONTRACTUAL COMPLIANCE

CAD found the following areas out of compliance:

Facility and Environment

- Exterior grounds were not well maintained.

One CFH had several cans of paint stored against the back fence. A window grate and an old toilet were also stored behind the garage.

On September 24, 2014, CAD conducted a follow-up visit to ensure that all rubbish and safety hazards were removed. The CFH was found to be in compliance at the time of the follow-up visit.

- Common areas/interior not well maintained.

One CFH had a box of knives that were stored on top of the refrigerator without a lock on the box, scissors in drawers, which were easily accessible to children, and a child's medications were stored in a locked box but the key to that box was easily accessible to everyone in the home.

- Sufficient and appropriate educational resources not available.

The children at one CFH stated that they did not have regular access to a home computer.

At the Exit Conference, the FFA was informed that children need access to a computer and the FFA representatives acknowledged this requirement and said they will comply.

On September 24, 2014, CAD conducted follow-up visits to ensure proper storage of all knives, scissors and medications, that the common areas were being maintained, and that children were being provided access to computers. The FFA was found to be in compliance.

Recommendations:

The FFA's management shall ensure that:

1. Exterior and grounds are well maintained.
2. Common areas interior are well maintained.
3. Sufficient and appropriate educational resources are provided.

Maintenance of Required Documentation/Service Delivery

- FFA did not obtain or document efforts to obtain County Children Social Worker's (CSW) authorization to implement Needs and Services Plan (NSP).

One reviewed NSP did not contain the CSW's authorization to implement the NSP. Additionally, there was no documentation regarding attempts by the FFA to gather this signature from the CSW.

On September 23, 2014, CAD conducted a follow-up visit to ensure the FFA's implementation of its new protocol regarding proper follow up with CSWs and the FFA obtaining and/or documenting their efforts to obtain the CSW's authorization to implement NSPs. During this visit, CAD reviewed two additional NSPs and found that they were in compliance with the required guidelines.

Recommendation:

The FFA's management shall ensure that:

4. FFA obtains or documents efforts to obtain County CSW authorization to implement the NSPs.

PRIOR YEAR FOLLOW-UP FROM DCFS OUT-OF-HOME CARE MANAGEMENT DIVISION'S (OHCMD'S) FOSTER FAMILY AGENCY CONTRACT COMPLIANCE MONITORING REVIEW

The OHCMD's last compliance report dated August 7, 2013, identified three recommendations.

Results

Based on CAD's follow-up, the FFA fully implemented all 3 previous recommendations for which they were to ensure that:

- Prior to certification of a home, the FFA will submit an inquiry to OHCMD for historical abuse/neglect information, and the documentation of such is included in the CFP's file.
- All CFPs will have timely health screenings and tuberculosis (TB) tests as required by Title 22 regulations, and that this documentation is maintained in the foster parent's file.
- All CFPs or any other adults in the home have a timely health screenings and TB tests as required by Title 22 regulations not more than one year old in the FFA's files.

The FFA representative expressed their desire to remain in compliance with Title 22 regulations and Contract requirements. On September 23, 2014 and September 24, 2014, CAD conducted follow-up visits to ensure the FFA was following up on the new protocol. It was noted that all safety hazards were removed, that common areas were being maintained and that children were being provided access to computers. The CFHs were found to be in compliance at the time of the follow-up visits. CAD also noted that the FFA implemented its new protocol and reviewed two additional NSPs and found that they were in compliance with the CSW signature requirements. CAD will continue to assess implementation of the recommendations. The OHCMD will provide on-going technical assistance prior to the next review.

1. In regards to the monitoring review worksheet section IV, Question 27: Aviva will ensure that all NSP's have the CSW's signature on the initial/quarterly reports. If the Foster Care Social Worker (FCSW) can not get a signature from the CSW there will be 3 documented attempts made to the CSW, and put in the child's file. The Aviva FCSW's were also re-trained on documenting their attempts to stabilize a placement before a 7-day is given. (see sign-in sheet attached)
2. In regards to the monitoring review worksheet section II and III: Aviva re-trained the foster parents on: Title XXII, children's personal rights, investigations, visitations, home inspections, and we discussed the audit results with them. All foster parents were all provided with the home inspection tool, which was reviewed with them. The FCSW's will continue to do home inspections twice annually, but if they find that a home is out of compliance the worker will conduct monthly home inspections until the home is in full compliance with Title XXII. (See foster parent sign-in sheet attached).
